The Tribal Lead Agency acknowledges its responsibility to adhere to them regardless of these modifications.

Public reporting burden for this collection of information is estimated to average 120 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

CHILD CARE & DEVELOPMENT FUND - Plan Period: 10/1/2016 – 9/30/2019
Tips for Completing the Tribal CCDF Plan Preprint

Preprint Design

The Tribal CCDF Plan Preprint is organized into seven critical areas:

- Section 1 identifies the Tribe or Tribal Organization applying for CCDF funds, including how that applicant entity delegates the administration of the CCDF program, how it develops its CCDF Plan, and how it plans to coordinate CCDF-funded services with other relevant entities;

- Section 2 details how the grantee decides who is eligible for CCDF-funded services, the means by which parents are informed and can apply for services, and how the grantee gives priority to children with special needs;

- Section 3 describes CCDF-funded services available, how assessment of market rates is determined, how payment rates for services are computed, how timely payments are made to providers, how family co-payments are determined, and the strategies used to increase the supply and quality of services;

- Section 4 identifies what health and safety standards the grantee applies to which categories of providers, what plans the grantee has for disaster preparedness, how policies and procedures are monitored and enforced, what type of criminal background checks are required, and what exemption of health and safety requirements is available to relative providers;

- Section 5 details the grantee’s goals for quality improvement, describes professional development opportunities and strategies for retention of providers, lists types of consumer information offered to parents, and other quality improvement activities;

- Section 6 describes the program’s integrity and accountability measures; and

- Section 7 identifies whether a grantee has policies and procedures for conducting a child count, what level of CCDF funding the grantee expects to receive in FY 2017, and whether the grantee intends to use CCDF funds for construction/renovation.

- Section 8 is an optional abbreviated Plan that Tribes or Tribal Consortia receiving annual CCDF allocations of less than $250,000 may choose to complete and submit. Tribes that select this option are not required to complete Sections 1-7 of the Plan. However, Tribes with allocations of less than $250,000 can choose to complete Sections 1-7 and in doing so will be required to complete all parts/sections unless specifically exempted as noted in the instructions. Note: Tribes can use their FY 2015 or FY2016 allocations to determine whether a Tribe is below the $250,000 threshold.

Within each section, questions are grouped by topic to make the Preprint easier to read and complete.
When a question requires a “yes” or “no” response, the order of the yes/no options changes depending on the question so that the simplest response is first and the more complex response follows. For example, if a “yes” response would require an explanation and a “no” response would not, the “no” option will appear first. Similarly, if a “no” response has additional sub-questions that need to be answered but a “yes” response does not, the “yes” option would appear first. This structure is used to simplify the Plan development process by allowing the person completing the Plan Preprint to skip over response choices that are not relevant; it is NOT designed to imply that the first answer is the correct answer or the default answer. All questions should be answered in the way that best reflects what is actually happening in the Tribal CCDF program.

Guidance boxes are provided after questions that require additional clarification. These boxes may include definitions of unfamiliar terms or phrases, suggestions for details to include in a narrative response, explanations of Office of Child Care (OCC) policy on the topic, and/or references to related questions. It is important to read the relevant Guidance box before answering each question.

Where appropriate, instructions are included that allow Tribes/Tribal Organizations to skip over certain optional questions that do not apply.

In some cases, OCC has included questions in the Preprint that are optional—meaning a Tribe can respond with a “no”—for all Tribes/Tribal Organizations; these questions do not yet apply to Tribal grantees and are for informational purposes ONLY. They are designated by a bold, red, delta symbol (Δ). The answers provided will help OCC understand how prepared Tribal CCDF programs are to implement the forthcoming CCDF regulations and what kinds of training and technical assistance may be most helpful during the implementation process.

Technical Assistance

Tribes and Tribal Organizations should contact the appropriate OCC Regional Office for guidance and support in completing the Tribal CCDF Plan Preprint. Contact information for the OCC Regional Program Managers can be found online at https://www.acf.hhs.gov/programs/occ/resource/regional-child-care-program-managers.

Tribes and Tribal Organizations having additional needs for technical assistance can report their projected needs in the annual ACF-700 report (Question #4).

1.3 Administration through Contracts or Agreements

The Tribal Lead Agency has broad authority to administer the CCDF program through contracts or agreements with other governmental, non-governmental, or other public or private local agencies. The Tribal Lead Agency remains the single point of contact and retains overall responsibility for the administration of the CCDF programs. (658D(b)(1)(A), 658E(c)(3)(C), 98.11, 98.16(c)(1)) Examples of such agreements could include:

- The Tribal Lead Agency has a written agreement with another Tribal department to operate Tribal child care centers or to conduct background checks, etc.;
- The Tribal Lead Agency may contract with the local child care resource and referral agency to operate the Tribe’s child care program (including determining family eligibility and issuing payments to child care providers or providing high quality activities).

1.3.1 Will the Tribal Lead Agency directly administer and operate the CCDF program? (98.16(c)(1)

| Guidance: This question does not pertain to the demonstrations referenced in Section 1.1.2 between a consortium and its participating/constituent member Tribes/Villages. |

1.6 Coordination of Services

CCDF Plan Effective Date: October 1, 2016
Amended Effective Date: [Insert Date as Amended]
As part of its CCDF Plan development process, the Tribal Lead Agency is required to coordinate services with other Tribal, Federal, State, and/or local child care and early childhood development programs and with agencies responsible for public health, employment services/workforce development, public education, and Temporary Assistance for Needy Families. (658D(b)(1)(D), 98.14(a), 98.16(d))

1.6.1 Describe how the Tribal Lead Agency coordinates the delivery of CCDF services with the following agencies or entities and the results of those coordination efforts:

a) Other Tribal, Federal, State and local child care and early childhood development programs, including, to the extent possible, Head Start/Early Head Start; Early Head Start – Child Care Partnerships; Maternal, Infant, and Early Childhood Home Visiting; State CCDF; Child and Adult Care Food Program (CACFP); Summer Food Service Program; and programs serving infants and toddlers, preschool-age children, children with disabilities, homeless children, and children in foster care

Describe: The Education Committee serves as an advisory committee for the CCDF program. Tribal members, parents and the community express their opinions and needs to the Education Council Committee.

The Yurok Tribe Johnson O’Malley program provides tutoring for students in their after school programs when needed; schedules and safe pick-up schedules are coordinated jointly.

The Yurok Tribe’s CCDF program works very closely with the Yurok Tribe’s Head Start Program. The Yurok Tribe’s Child Care Center and Head Start are located in the same facility so parent/guardians are able to drop their child(ren) off at Child Care, after which the child can transition into Head Start when it is time, and then return to Child Care at the end of the day if needed. Parents don’t have to drive back and forth from child care to Head Start. This seamless approach not only supports parents, but also facilitates effective and efficient use of personnel who may staff both programs and the use of shared substitutes who are familiar with both programs. The programs also provide information and cross-refer parents to each program.

The Northern California Indian Development Council, Inc. and the Yurok Tribe offer workforce development in the service areas. Referrals to the CCDF program are made by these agencies. In addition, eligible participants involved in the TANF program are informed of their child care options through TANF.

b) Employment services/workforce development

Describe: The Northern California Indian Development Council, Inc. and the Yurok Tribe offer workforce development in the Service Area. Referrals to the CCDF program are made by these agencies.

c) Public health (including the agency responsible for immunizations and dental care)

Describe: The United Indian Health Service provides consultation for the families in the CCDF program service area. The Health Service also assists families in keeping children current on

immunizations. The child care development program receives consultation regarding what immunizations are needed for a child to be considered up to date on immunization shots. Services are provided to all enrolled members at the clinic.

d) Public education
Describe: The Yurok Child Care Development Program has a Memorandum of Agreement with Del Norte County Unified School District to serve Native students and families, including referrals to eligible families for child care services and to coordinate services. Included in the cooperative efforts between the Tribe and the school district is the use of space at the Margaret Keating School, located on the Yurok reservation, that houses the CCDF and the Head Start programs.
The Yurok Child Care Development Program also has a Memorandum of Agreement with Eureka City School District to serve Native students and families, including referrals to eligible families for child care services and to coordinate services.
e) Social services (including agencies providing mental health services)
Describe: _____
f) Temporary Assistance for Needy Families (TANF)
Describe: Eligible participants involved in the TANF programs are informed of their child care options through TANF programs.
g) Public-private partnerships
Describe: _____
h) Other
Describe: _____

1.6.2 Did the Tribal Lead Agency coordinate with Head Start/Early Head Start or other programs/agencies to assess the needs and what resources are available to support early childhood development?

☐ No.
☒ Yes. Describe: The Yurok Tribe’s CCDF program works very closely with the Yurok Tribe’s Head Start Program. The Yurok Tribe’s Child Care Center and Head Start are located in the same facility, so parent/guardians are able to drop their child(ren) off at child care, after which the child can transition into Head Start when it is time, and then return to Child Care at the end of the day if needed. Parents don’t have to drive back and forth from child care to Head Start. This seamless approach not only supports parents, but also facilitates effective and efficient use of personnel who may staff both programs and the use of shared substitutes who are familiar with both programs.

1.6.3 ☐ How does the Tribal Lead Agency determine the Tribal community’s child care needs, including the needs of any underserved populations, such as infants and toddlers, special needs children, and non-traditional hour care? For example, does the Tribal Lead Agency conduct a needs assessment, survey community members, etc.?
Plan for: Yurok Tribe

CHILD CARE & DEVELOPMENT FUND - Plan Period: 10/1/2016 – 9/30/2019

Describe: _____
2 Provide Stable Child Care Financial Assistance to Families

2.1 Eligible Children and Families
At the point in time when eligibility is determined, children must: (1) be under the age of 13; (2) meet the Tribal Lead Agency’s definition of “Indian Child”; (3) reside within the Tribal Lead Agency’s defined “service area”; (4) reside with a family whose income does not exceed 85 percent of the Grantee Median Income (GMI) for a family of the same size; and (5)(a) reside with a parent or parents who are working or attending a job training or educational program; or (b) receive, or need to receive, protective services and reside with a parent or parents not described in (5)(a) above. (658P(4))

2.1.1 Eligibility Criteria Related to the Child
a) Programs and activities are to be carried out for the benefit of Indian children. 98.81(b)(2)(i)

Guidance: While Tribal Lead Agencies have some flexibility in defining “Indian Child,” the definition must be limited to children from federally recognized Indian Tribes, consistent with the Child Care and Development Block Grant Act’s definition of Indian Tribe. This could include children who are tribal members, whose membership is pending, who are eligible for membership, and/or who are children/descendants of members. This could also include adopted children, foster children, and step-children, etc.

The Tribal Lead Agency defines an “Indian child” as: Is an enrolled member of the Yurok Tribe, immediate descendent to a Yurok Tribal member, an enrolled member of another federally recognized tribe, on California Indian Roll or has BIA documented degree of Indian Blood of at least 1/8. excluding Bear River Tribal Members, Blue Lake Tribal Members, Table Bluff Tribal Members, Resighini Tribal Members and Karuk Member living in Orleans, California, plus the Smith River Rancheria, Elk Valley Rancheria Members, Hoopa Tribal members, Trinidad, Rancheria, and Big Lagoon Rancheria Members.

b) Programs and activities are to be carried out for the benefit of Indian children living on or near the Indian reservation or, for those Tribes that do not have reservations, the Tribe’s existing service area. If a Tribal Lead Agency establishes a different service area for CCDF purposes, it must be within a reasonably close geographic proximity to the borders of the Tribe’s reservation or existing service area. (6580(c)(2)(B), 98.80(e), 98.81(b)(2)(ii), 98.81(b)(3)(ii), 98.83(b))

Guidance: There is an expectation that the Tribal Lead Agency will be able to provide services to families throughout the service area. ACF will not approve an entire state as a Tribe’s service area. Tribes can limit services within the reservation boundaries or can go beyond the reservation boundaries. For example: permanent residence is within the reservation boundaries, however the participant is temporarily attending school outside of the reservation area,” or “resides within 20 miles of the reservation boundaries,” etc.

Define the Tribal Lead Agency’s CCDF Service Area: The Yurok Tribe’s CCDF Service Area is Del Norte and Humboldt Counties in California excluding Bear River Tribal Members, Blue Lake.

Tribal Members, Table Bluff Tribal Members, Resighini Tribal Members and Karuk Member, living in Orleans, California, plus the Smith River Rancheria, Elk Valley Rancheria Members, and Big Lagoon Rancheria Members.

Optional: In addition to the description above, a clearly labeled map of the service area is attached. Attachment #

(c) The Tribal CCDF program serves children from 2 year 8 months (weeks/months/years) to through 12 year (weeks/months/years) (Note: Maximum age is through age 12).

d) Does the Tribal Lead Agency allow CCDF-funded child care for children age 13 and above but below age 19 years who are physically and/or mentally incapable of self-care? (658P(3), 98.20(a)(1)(ii))

☑ Yes, and the upper age is through 18 (maximum age is through age 18).

Define “physical or mental incapacity” as: Children who cannot care for themselves on a age appropriate activities and the routines of daily living, as diagnosed and verified by a professional from the medical field or special education

☐ No.

e) Does the Tribal Lead Agency allow CCDF-funded child care for children age 13 and above but below age 19 years who are under court supervision? (98.20(a)(1)(ii))

☐ Yes, and the upper age is _____ (maximum age is through age 18).

☑ No.

2.1.2 How does the Tribal Lead Agency define the following terms for CCDF eligibility purposes?

a) “residing with”:

Daily living arrangements (children must sleep in home) with parent, relative such as grandparents, aunts, uncles, foster parents or other adults assigned responsibility for the child by parents during the time services are provided through the Child Care and Development Fund Program.

b) “in loco parentis” (refers to an individual who assumes parental status and responsibilities for another child, such as a foster parent or other guardian):

Given the responsibility to provide for the daily living needs of the child. With authority to make decisions as required for food, shelter, clothing, discipline, health, medical care, safety, supervision and education by a In Loco Parentis form signed by one of the child’s biological parents and a copy of the certified birth certificate.

2.1.3 Eligibility Criteria Based on Reason for Care

a) In order to be eligible to receive CCDF services, children must reside with a parent(s) who are working, attending a job training program, or attending an educational program. Check all parent participation options below that the Tribal Lead Agency allows; for each option checked, provide a brief definition of the term as used for CCDF eligibility purposes.
Plan for: Yurok Tribe

CHILD CARE & DEVELOPMENT FUND - Plan Period: 10/1/2016 – 9/30/2019

Guidance: Tribal Lead Agencies have broad flexibility in defining “working,” “attending a job training program,” and “attending an educational program.” The definitions provided below should include any allowable activities, including travel time and study time. For example, a definition of “working” could include working for a salary or wages, self-employment, subsistence activities, job search, and/or volunteering, as well as the travel time to and from the activity. Definitions should also address any limitations, such as minimum hours required or maximum hours allowed.

1) Eligibility based on working
   Define “working”: have employment with payment for services with stated days and hours requiring parents to be unable to care for children- be employed both in and out of the home, self employed or contract, which include work in the home where child is located.

2) Eligibility based on attending a job training program
   Define “attending a job training program”: Attendance must be certified by an official of the education institution or by an employer on an Education/employment verification request form. The number of hours employees are involved in work related activities and the number of education hours must also be listed.

3) Eligibility based on attending an educational program
   Define “attending an educational program”: Attendance must be certified by an official of the education institution. The number of hours students are involved on the Education program must be listed. This includes TANF families.

b) Does the Tribal Lead Agency provide child care to children who receive, or need to receive, protective services?
   - No (skip to 2.1.4).
   - Yes. Complete 1-4 below.

Guidance: Tribal Lead Agencies have the flexibility to define protective services beyond formal child welfare or foster care cases, including but not limited to, homeless children. If the Tribal Lead Agency provides CCDF-funded child care to children in foster care whose foster care parents are not working, or who are not in education/training activities, for CCDF purposes, these children are considered to be in protective services and must be included in this definition.

1) Define “protective services” for the purposes of eligibility:
   Children who are under court or ICWA supervision. The child(ren)may or may not remain in the home with the parent, the child may reside in foster care. Respite care will be allowed, but shall not exceed 24 hours per week per child. Respite care will only be provided with the voucher program.

2) Does the Tribal Lead Agency waive the co-payment and income eligibility requirements on a case-by-case basis for cases in which children receive, or need to receive, protective services? (658E(c)(5), 98.20(a)(3)(ii)(A-B))

☐ Yes.
☒ No.

3) Does the Tribal Lead Agency provide CCDF-funded child care to children in foster care whose foster care parent(s) are not working, or who is not in education/training activities? (98.20(a)(3)(ii), 98.16(f)(7))

☒ Yes, and foster care is included under the Tribal Lead Agency’s definition of protective services in 2.1.3(b)(1) above. (This means that, for CCDF purposes, the Tribal Lead Agency considers these children to be served under the protective services eligibility category.)

☐ No.

4) Does the Tribal Lead Agency provide respite care for children in protective services? (98.16(f)(7))

Guidance: CCDF allows for “respite care” only for brief, occasional periods in excess of the normal “less than 24 hr. period” allowed for CCDF child care. Respite care is available for parents in protective services cases (including foster parents, if the Tribal Lead Agency checks “yes” under 2.1.3(b)(3) above) who need relief from caretaking responsibilities. For example, CCDF could pay a provider to care for a protective services child for one weekend a month. This definition of “respite child care” may differ from how Tribes define it for other purposes (e.g., child welfare). Since respite care is provided to give parents time off from parenting, rather than care to allow the parent to participate in work or in education or training, CCDF cannot be used for respite care for children with disabilities unless the child also needs or is receiving protective services.
Yes, and respite care is included under the Tribal Lead Agency’s definition of protective services in 2.1.3(b)(1) above.

2.1.4 Eligibility Criteria Based on Family Income

a) How does the Tribal Lead Agency define “income” for the purposes of eligibility?

**Guidance:** Tribal Lead Agencies have flexibility in defining “income.” This flexibility allows for the exclusion or deduction of certain types of income, as defined by the Tribe, from calculations of total family incomes for purposes of eligibility determination.

Define “income”: Income is defined as all earned or unearned net income. Excluding:
- Earnings of a child under age eighteen years.
- Loans
- Grants, and scholarships for educational purposes, allowances received for uniforms or other work-required clothing, food, and health-related business expenses for self-employed family members, Federal and State Income tax refunds.
- Deductions (Child support payments, medical insurance, Federal and State taxes)

b) Tribal Lead Agencies must establish CCDF family income eligibility limits. Those limits cannot exceed 85% of the Grantee Median Income (GMI). A Tribal Lead Agency has the flexibility to use either State Median Income or Tribal Median Income as its GMI. Check the appropriate box below to indicate which option the Tribal Lead Agency has selected:

- [ ] State Median Income (SMI) for a family of the same size.
  
  Source: Federal Register Year: 2016

- [ ] Tribal Median Income (TMI) for a family of the same size residing in the area served by the Tribal Lead Agency.
  
  Source: Year: _____

c) Complete the CCDF income eligibility table.

i. Column (a) lists the current GMI for each family size. Column (b) lists 85% of the current GMI for each family size (by law, this is the maximum allowable income for CCDF eligibility). All Tribal Lead Agencies must complete columns (a) and (b).

ii. Tribal Lead Agencies have the option of setting income eligibility limits below 85% of the current GMI. Has the Tribal Lead Agency chosen to set income eligibility limits below 85% of the current GMI?

- [ ] No (do not complete columns (c)-(f); skip to 2.1.5).
- [ ] Yes. Complete columns (c) and (d) to show the Tribal Lead Agency’s maximum income eligibility level for each family size at the time a family

applies for CCDF services.

iii. Once a family’s eligibility has been determined, Tribal Lead Agencies have the flexibility to allow families to continue to receive CCDF assistance if their income increases above the eligibility limit shown in column (c), as long as their income does not exceed the eligibility limit shown in column (b) (85% of the current GMI). Does the Tribal Lead Agency allow families to continue to receive CCDF assistance during their eligibility period (as defined in 2.2.5) if their income increases but remains at or below 85% of the current GMI?

☐ No (do not complete columns (e) and (f); skip to 2.1.5).

☐ Yes, families can continue to receive assistance until their income reaches an amount up to 85% of the current GMI. Complete columns (e) and (f) to list the Tribal Lead Agency’s maximum “exit” income levels; the income limit in column (e) cannot exceed the amount shown in column (b).

2.1.5 During the eligibility determination or redetermination process, does the Tribal Lead Agency take into account fluctuations in family income?
Plan for: Error! Reference source not found. Yurok Tribe

CHILD CARE & DEVELOPMENT FUND - Plan Period: 10/1/2016 – 9/30/2019

Guidance: Tribal Lead Agencies have the flexibility to take into account irregular fluctuations in income when determining and re-determining eligibility. This is particularly important for families who rely on work that is unpredictable or seasonal in nature, such as agriculture, construction work, or subsistence activities such as hunting and fishing. These families may experience a temporary spike in income due to working increased hours over a short period, yet those earnings are not representative of the family’s income over the course of a year.

☐ No.
☐ Yes. Describe: ______

2.1.6 Does the Tribal Lead Agency establish additional eligibility criteria? (98.16(g)(5), 98.20(b))

Guidance: The Tribal Lead Agency has flexibility in establishing additional eligibility criteria. Additional criteria could include, for example, application to the State CCDF program first; higher income limits in one part of the tribal service area; or an asset/resource limit.

☐ No.
☐ Yes. Describe: ______

If additional eligibility criteria include different income eligibility limits, please attach additional income eligibility tables and indicate attachment number(s): ______

2.2 Application and Eligibility Determination/Redetermination Processes

2.2.1 Tribal Lead Agencies must inform parents of eligible children and the general public of the process by which they can apply for Tribal CCDF assistance. (658E(c)(2)(E)(i)(l))

documentation requirements.

**Guidance:** Tribal Lead Agencies have the flexibility to establish procedures that help ensure that parents do not have to unduly disrupt their employment, education, or job training activities in order to comply with the Tribal Lead Agency’s requirements for redetermination of eligibility for assistance.

☐ No.

☒ Yes. Describe: if a current CCDF family there is a shorter application, if past family and we have required documents on file we will provide the copies, if the family moves to a different area we will transfer the application.

2.2.8 Tribal Lead Agencies are required to inform parents who receive Temporary Assistance for Needy Families (TANF) benefits about the exception to the individual penalties associated with the work requirement for any single custodial parent who has a demonstrated inability to obtain needed child care for a child under 6 years of age (98.16(p) and 98.33(b-c)).

**Guidance:** The TANF agency, not the Tribal CCDF Lead Agency, is responsible for establishing the following criteria or definitions. These criteria or definitions are offered in this Plan as a matter of public record. This question is for informational purposes.

a) Identify the TANF agency that established these criteria or definitions:

State TANF Agency: _Appropriate child Care is defined as child care chosen by the parent the meets the needs of the child and parents and is either licensed for the appropriate age group or special needs category, or is license-exempt and meets trustline requirements unless the child care arrangement is exempt from the Trustline requirements._

Tribal TANF Agency: _Appropriate child Care is defined as child care chosen by the parent the meets the needs of the child and parents and is either licensed for the appropriate age group or special needs category, or is license-exempt and meets tribal requirements unless the child care arrangement is exempt from the these requirements._

b) In the spaces below, provide the criteria or definitions used by the TANF agency to determine whether the parent has a demonstrated inability to obtain needed child care:

i. "appropriate child care":
   same as above for Tribal

ii. "reasonable distance":
   Reasonable distance is defined as the distance regularly traveled by working families accessing child care in the community

iii. "unsuitability of informal child care":
   Informal child care is unsuitable when the caregiver not acceptable in within TANF policies or would otherwise be denied payment for child care services that are exempt from licensure because of a felony conviction as defined in PL 101-360

iv. "affordable child care arrangements":

---

CCDF Plan Effective Date: October 1, 2016
Amended Effective Date: [Insert Date as Amended]

Affordable child care is child care where the cost to the family does not exceed the regional market rate plus family fees established by the State in accordance with the family fee schedule.

c) How are parents who receive TANF benefits informed about the exception to individual penalties associated with the TANF work requirements? Briefly describe the process:

Verbally and posted on the Tribal Website and indicated to TANF clients by TANF case workers.

2.2.9 The Tribal Lead Agency must have procedures in place to ensure that providers receiving CCDF funds afford parents unlimited access to their children, and access to the providers caring for their children, during normal hours of provider operation and whenever the children are in the care of the provider. (658E(c)(2)(B)) 98.31, 98.16(n))

How does the Tribal Lead Agency ensure that parents have unlimited access? Describe: All parents are informed in writing and verbally that they have the right to call or stop by a child care provider’s home for the voucher program or a center at any time. All providers are required to assure the parents that they have unlimited access at all times that care is being provided. The provider contract has been amended to require providers to inform and allow parents this access.

2.3 Improving Access for Vulnerable Children and Families

At a minimum, CCDF requires Tribal Lead Agencies to give priority for child care assistance to “children with special needs.” Tribal Lead Agencies may also establish additional priority categories. (658E(c)(3)(B))

2.3.1 Describe how the Tribal Lead Agency will prioritize or target child care services for children with special needs. (658E(c)(3)(B))

Guidance: Tribal Lead Agencies have flexibility in how they define “children with special needs.” Tribal Lead Agencies are not limited in defining “children with special needs” to only those children with physical or mental disabilities. For example, Tribal Lead Agencies could consider children in the child welfare system, children of teen parents, or homeless children in their definition of “children with special needs.”

a) Define “children with special needs”:

Children who cannot care for themselves on age appropriate activities and the routines of daily living, as diagnosed and verified by a professional from the medical field or special education.

Also a child who has an IEP from the School Districts within the Tribal Service area will be considered a child with special needs or – Also a child who is homeless or has been given into care because a parent has abandoned them or is unable to care for them.

b) Describe how the Tribal Lead Agency will give priority for child care services to children with special needs. (658E(c)(3)(B), 98.44(b)

Children with special needs receive priority points in addition to the points they receive in other priority categories as listed in 3.5.1.

2.3.2 Does the Tribal Lead Agency have additional priority rules or categories? (658E(c)(3)(B), 98.16(g)(5), 98.20(b))

Describe how priority is given: [All CCDF applications receive a child care ranking form where the above categories are awarded points and ranked accordingly.]

2.3.3 △ Does the Tribe have procedures to improve access to child care for homeless children and families? Procedures might include special outreach, grace periods for submitting documentation, etc.

Guidance: Tribal Lead Agencies have the flexibility to establish procedures to improve child care access for homeless children, including procedures allowing a grace period during which homeless children can receive CCDF assistance while their families are, for example, gathering required documentation or taking the necessary actions to comply with immunization and other health and safety requirements as described in Section 4.

3 Ensure Equal Access to High Quality Child Care for Low-Income Children

3.1 Description of Direct Child Care Services

| Guidance: CCDF services may be provided through a subsidy program where the grantee offers certificates (so that parents may choose from different categories of care), through a Tribal CCDF-Operated Center, or through grants or contracts for child care slots (i.e., agreements between the grantee and provider to provide child care services). Currently, Non-Exempt Tribal Lead Agencies are required to operate a certificate program that permits parents to choose care from all four categories of care. Exempt Tribal Lead Agencies have the option of operating a certificate program, but are not required to offer all four categories of care. Refer to Section 7.2.2 to determine whether the Tribal Lead Agency is currently considered Exempt or Non-Exempt. |

a) Does the Tribal Lead Agency operate a subsidy program offering certificates that allow parents to choose from a variety of categories of care?

☐ No (skip to 3.1.2) (Exempt Tribal Lead Agencies only).
☒ Yes, parents can choose from the following categories of care (check all that apply; Non-Exempt Tribal Lead Agencies must offer all four categories of care below):

- ☒ Center-based child care
- ☒ Family child care home

- ☒ In-home child care

Describe the child care certificate payment process: For the certificate voucher program, we have our providers enter into an agreement that they will provide the services in their home for a specified amount of time/hours for a specified amount of money. This allows eligible parents to choose from a full range of child care providers available in each area.

b) If the Tribal Lead Agency allows for in-home care (i.e., care provided in the child’s own home), does the Lead Agency limit the use of in-home care in any way?

☐ Not applicable.
☒ Yes. What limits does the Tribal Lead Agency set? Check all that apply.

☐ Restricted based on minimum number of children in the care of the provider (to meet minimum wage law or Fair Labor Standards Act). Describe:

3.2 Assessing Child Care Market Rates

3.2.1 Market Rate Survey Requirements

Tribal Lead Agencies are required to establish payment rates for child care services that ensure eligible families equal access to child care services comparable to those services provided to families not eligible to receive CCDF services. At a minimum, Tribal Lead Agencies are required to show how payment rates are adequate based on a local Market Rate Survey (MRS) conducted no earlier than two years (07/1/2014) prior to the date of the Plan submission.

Because Market Rate Surveys might not be feasible for some Tribal Lead Agencies, Tribal Lead Agencies have three options for fulfilling the local Market Rate Survey requirements:

1) Conducting a local Market Rate Survey,
2) Using the State’s local Market Rate Survey, or
3) Providing alternative documentation in lieu of a local Market Rate Survey (if applicable criteria are met).

Which option does the Tribal Lead Agency use in fulfilling the local Market Rate Survey requirements? Please select only ONE option. (98.16(i), 98.43)

☐ Option 1 – The Tribal Lead Agency conducts its own Market Rate Survey.

Commented [WU20]: You’re exempt. You get less than $500,000.

CHILD CARE & DEVELOPMENT FUND - Plan Period: 10/1/2016 – 9/30/2019

a) Date the Market Rate Survey was conducted: 03/2013

b) How did the Tribal Lead Agency use the results of this Market Rate Survey to assist in establishing payment rates for child care services?
   Describe: We conducted our own market rate survey for our service area. I contacted three separate Child Care facilities in both Humboldt County and Del Norte County and asked for their hourly rate per age of child. We that information we found the average for both counties. We divided it into three separate age ranges based on what the Child Care facilities charged per age of child.

Option 2 – The Tribal Lead Agency uses the State’s Market Rate Survey.

a) Name of State(s): California

b) Date the State’s Market Rate Survey was conducted: 10/1/2015

c) How did the Tribal Lead Agency use the results of this Market Rate Survey to assist in establishing payment rates for child care services?
   Describe: The Yurok Tribe CCDF program use the results of the State’s Market Rate Survey for Humboldt and Del Norte counties to average the cost for center based care and homebased care.

Option 3 – The Tribal Lead Agency provides alternative documentation in lieu of a local Market Rate Survey. The Tribal Lead Agency must identify and meet one of the two criteria listed below.

Please select only one criterion.

Criteria 1 – Check if the Tribal Lead Agency:

☐ Provides CCDF direct services solely in a Tribal CCDF-Operated Center(s) and does not provide services through certificates, grants, or contracts;

AND/OR

☐ Funds CCDF direct services solely in unregulated home-based settings such as in-home care (i.e., care in the child’s own home) or unregulated family child care homes, and does not fund any CCDF services in centers, regulated family child care homes or regulated group homes.

Criteria 2 – Check if the Tribal Lead Agency:

☐ Documents that all child care providers in the service area that would potentially be included in a market rate survey: (a) serve only children receiving CCDF subsidies and (b) serve no private-pay children.

3.3 Setting Payment Rates for Child Care Services

eligible families equal access to child care services comparable to those services provided to families not eligible to receive CCDF services. (658E(c)(4), 98.16(f), 98.43(a), 98.43(b), 98.43 (b)(1) and 98.43(b)(2)).

Note: For Tribal Lead Agencies that only offer direct services through one or more Tribal CCDF-Operated Centers and/or grants/contracts for slots, skip to 3.3.2.

3.3.1 The Tribal Lead Agency’s payment rates are attached as Attachment #: 2 and the effective date of those payment rates is: 10/1/2016

Guidance: The attached payment rates should reflect the variety of care offered in your program (for example, different rates based on the child’s age, the category of care, hours of care offered). Tribal Lead Agencies are reminded that payment rates cannot be based on a family’s eligibility or circumstances. This means, for example, that the Tribal Lead Agency may not establish payment rates for TANF families that differ from the payment rates for child care for the working poor, or for families in education or training.

Will the attached payment rates be used in all parts of the Tribal service area?

☑ Yes.

☐ No. Additional payment rates are attached as Attachment #: ______ and the effective date of those payment rates is: ______. Describe or list the geographic areas where each set of rates is used: ______

3.3.2 Does the Tribal Lead Agency provide child care services solely through a Tribal CCDF-Operated Center(s) and/or grants and contracts for child care slots?

Guidance: For Tribal Lead Agencies that only offer direct services through a Tribal CCDF-Operated Center(s) and/or grants and contracts, the Tribe could provide information about its CCDF budget, including the average cost of providing care per child, or information about what the center(s) would charge a non-subsidized child for care in lieu of a payment rate schedule.

☑ No.

☐ Yes. Complete the following and skip to 3.4:

   a) Attach information on actual cost of care per child, budget information, or other documentation regarding the cost of providing child care services (Attachment #: ______).

   b) How is the attached information used to determine the amount of CCDF funds used to pay for care provided in your Tribal CCDF-Operated Center(s) and/or grant-contracted slots? Describe: ______
3.3.3 **For Programs that Offer Certificates**: Does the Tribal Lead Agency provide any type of tiered payment or differential (add-on) rates? (658E(c)(4)(B)(iii), 658E(c)(4)(C)(iii))

| Guidance: Tribal Lead Agencies set payment rates based on what providers in the CCDF service area charge for care. Providers usually set their prices based on a number of factors, such as the costs of providing care, their geographic location, the age of the child, the hours when care is provided, and the quality of care. Taking those factors into account means that Tribal Lead Agencies may set different rates for different kinds of care; for example, payment rates for infants may be higher than rates for school-age care because the higher costs of providing infant care mean that providers usually charge more for that service than they do for school-age care.

In addition to these kinds of rate differences based on variations in provider prices, Tribal Lead Agencies can choose to set tiered payment rates or create rate add-ons (sometimes called “differential rates”) on top of their regular payment rates. These tiered rates and add-ons are additional amounts paid to providers as a way to increase payment rates for targeted needs. For example, a Tribal Lead Agency could try to encourage more care during non-traditional hours by paying providers who work evenings a 15% add-on over the regular payment rate. An example of tiered rates might be paying family child care providers who earn a CDA 5% more than the regular rate and paying those that earn accreditation 10% more. Tiered rates and add-ons are often used to encourage and support care for specific populations (such as children with special needs, infants and toddlers, school-age children, children in remote rural areas, or homeless children) and to encourage providers to increase or sustain their program quality. |

3.3.4 **For Programs that Offer Certificates**: How does the Tribal Lead Agency ensure that payment rates are sufficient to ensure equal access? Equal access would offer children receiving CCDF subsidies access to the same services (type of care, quality of care) as children not receiving CCDF. Check all that apply and provide a summary of data and facts the Tribal Lead Agency used to determine equal access. (658E (c)(4)(B)(ii))

CHILD CARE & DEVELOPMENT FUND - Plan Period: 10/1/2016 – 9/30/2019

The Tribal Lead Agency should follow generally accepted payment practices for child care providers in the Tribe’s CCDF service area and, to the extent practicable, implement enrollment and eligibility policies that allow providers to receive payment for a child’s occasional absences. (658E(c)(2)(S)) These practices help to provide stability of funding and encourage more child care providers to participate in the subsidy program.

Note: For Tribal Lead Agencies that only offer direct services through one or more Tribal CCDF-Operated Centers, skip to 3.5.

3.4.1 △ Does the Tribal Lead Agency use any of the following payment practices? Check all that apply.

☐ Pays providers prior to the delivery of child care services. Describe: ____________

☐ Pays providers based on enrollment instead of attendance (i.e., pays full payment even if child is occasionally absent). Examples might include paying for a set number of days in a month or making full payment if a child attends at least a certain percent of authorized time. Describe: ____________

☐ Pays on a full-time or part-time basis (rather than smaller increments such as hourly). Describe: ____________

☐ Pays the standard fees that the provider charges private-paying parents (e.g., registration fees, deposits, supplies, field trips). Describe: ____________

☐ Provides prompt notice to providers regarding any changes to the family’s eligibility status that may impact payment. Describe: ____________

☐ Has a timely appeal and resolution process for payment inaccuracies and disputes. Describe: ____________

☐ Other. Describe: ____________

☒ No, the Tribe does not use any of the payment practices listed above.

3.4.2 △ How does the Tribal Lead Agency ensure the timeliness of payments to providers? Check all that apply.

☒ Pays providers within a certain number of days of billing for services. Describe: Payment within two weeks of billing due date.

☐ Tracks and monitors the payment process. Describe: ____________

☐ Uses electronic tools (e.g., automated billing, direct deposit). Describe: ____________

☐ Other. Describe: ____________

☐ The Tribe does not use any strategies to ensure the timeliness of payments to providers.

3.5 Family Contribution to Payment

The statute requires Tribal Lead Agencies to establish a sliding fee scale that varies based on family income and the size of the family to be used in determining each family’s contribution (i.e., co-payment) to the cost of child care. Co-payments should not be a barrier to families receiving CCDF.
(658(c)(5), 98.42(b)). In addition to income and size of the family, the Tribal Lead Agency may use other factors when determining family contributions/co-payments.

3.5.1 Attach a copy of the sliding fee scale (Enter Attachment #: 3)

Will the attached sliding fee scale be used in all parts of the service area?

☐ Yes. Effective date: 10/1/2016
☐ No. Attach other sliding fee scale(s) and their effective date(s).
Attachment(s) #: __________ Effective date(s): __________

3.5.2 Does the Tribal Lead Agency use other factors in addition to income and family size to determine each family's co-payment? Examples of additional factors could include: multiple children in care.

☐ No.
☐ Yes. Describe: __________

3.5.3 △ How will the family's co-payment be calculated and to whom will it be applied? Complete (a)-(c) below.

a. The co-payment is a: ☑ dollar amount ☐ percent of income.

b. The co-payment amount is applied: ☑ hourly ☐ daily ☐ weekly ☐ monthly ☐ other: __________

c. The co-payment is applied: ☐ per family ☑ per child.

3.5.4 How will the Tribal Lead Agency ensure the family's co-payment, based on a sliding fee scale, is affordable and not a barrier to families receiving CCDF? Examples could include limiting maximum co-payment to a specific percentage of family income or reducing co-payments for additional children in care. Families pay no more than 7% of family income

3.5.5 The Tribal Lead Agency may waive co-payments from families whose incomes are at or below the poverty level for a family of the same size (98.42(c)).

The source of the poverty level used by the Tribal Lead Agency is [include date of publication]: Federal poverty Guideline 2016.

Check the option which the Tribal Lead Agency has chosen to use:

☐ ALL families, including those with incomes at or below the poverty level for a family of the same size, ARE required to pay a co-payment.

☐ SOME families with incomes at or below the poverty ARE NOT required to pay a co-payment. The Tribal Lead Agency waives the co-payment for families in the following circumstances: __________

☐ NO families with incomes at or below the poverty level for a family of the same size are

Commented [WU25]: This needs to match the income ceilings in your SMI table.

Commented [WU26]: How do you know this? The fee scale is on an hourly basis. Walk through several families' situations including the definition of income.

Commented [WU27]: You need to answer this
3.6 Supply Building Strategies to Meet the Needs of Certain Populations

3.6.1 △ Will the Tribal Lead Agency develop and implement any strategies to increase the supply and improve the quality of child care services for children in underserved populations?
Underserved populations may include infants and toddlers, children with disabilities, children in underserved geographic areas, and children who receive care during non-traditional hours.

☐ No.
☐ Yes. Check all that apply and describe the strategies used to increase supply and improve quality for each specific population. Examples of strategies might include offering grants and contracts for slots (as discussed in 3.1.3); providing start-up or quality improvement grants; providing technical assistance and support to providers; recruiting providers; and paying tiered payment rates (as discussed in 3.3.3).

☐ Infants and toddlers. Describe: _____
☐ School-age children. Describe: _____
☐ Children with disabilities. Describe: _____
☐ Children in underserved geographic areas. Describe: _____
☐ Children who receive care during non-traditional hours. Describe: _____
☐ Homeless children. Describe: _____
☐ Other specific populations. Describe: _____
4 Ensuring the Health and Safety of Children in Child Care Settings

4.1 Requirements and Standards

Tribal Lead Agencies must have health and safety requirements for all categories of CCDF child care providers addressed in Section 3.1. These may be Tribally-developed standards and/or a Tribal Lead Agency may choose to follow the child care licensing standards for the State(s) where the Tribal Lead Agency certifies providers. At a minimum, the Tribal Lead Agency must have health and safety requirements in the following topic areas: Prevention and Control of Infectious Disease, Building and Physical Premises Safety, and Health and Safety Training. (658(c)(2)(F), 658(c)(2)(I), and 98.41)

4.1.1 The Tribal Lead Agency certifies that it has requirements related to Prevention and Control of Infectious Disease, Building and Physical Premises Safety, and Health and Safety Training applicable to CCDF providers in each of the following categories of care offered by the Tribal Lead Agency; check all that apply and indicate the source of the health and safety standards:

Guidance: For each category of care offered:

- If the Tribal Lead Agency has developed its own standards (even if those standards were adapted from other sources, such as Caring for Our Children or State licensing standards), check “Tribal Standards.”
- If the Tribal Lead Agency requires providers to meet standards established by a State Agency (such as State licensing or State department of education), check “State Standards.”
- If the Tribal Lead Agency requires providers to meet standards from more than one source (for example, State licensing standards for off-reservation providers and Tribally-developed standards for providers on the reservation), check “Tribal Standards,” “State Standards,” and “Other Source(s)/Combination of Sources” and describe which standards apply to which providers.
- If the Tribal Lead Agency requires providers to meet standards from a source not listed in the table in columns (a), (b), and (c) (such as Indian Health Service or the Child and Adult Care Food Program), then check “Other Source(s)/Combination of Sources” and describe the source(s) of the standards.

Note this exception only applies if the individual cares ONLY for relative children. (98.41(A)(ii)(A))

5 Supporting Continuous Quality Improvement

Tribal CCDF funds can be used for activities designed to improve the quality of child care services and increase parental options for, and access to, high-quality child care. Throughout this section of the Plan, Tribal Lead Agencies are asked to describe their goals and activities for child care quality improvement. Tribes are encouraged, regardless of size, to take an intentional approach to quality improvement – assessing the current quality of care available and the training and technical assistance needs of providers; investing their quality funds and efforts in accordance with the needs; and reviewing the success of their activities to improve quality and making adjustments as necessary. The Tribal Lead Agency should consider its child care quality improvement goals for all Tribal children in child care, not just those receiving assistance under CCDF. (658G, 658E(3)(B), 98.16(h), 98.51, 98.83(f))

**Guidance:** In completing this section, the Tribal Lead Agency should describe activities funded with Tribal CCDF dollars, as well as those funded through other sources. Currently, CCDF regulations require Non-Exempt Tribal Lead Agencies (those receiving $500,000 or more) to spend at least 4 percent of their CCDF funds on quality activities. Exempt Tribal Lead Agencies are strongly encouraged, but are not required, to expend CCDF funds on quality activities. If an Exempt Tribal Lead Agency has no quality activities planned, the questions in Section 5 may be completed with “N/A.” **Non-Exempt Lead Agencies must complete Section 5.**

**Note:** In completing this section, the Tribal Lead Agency should describe activities funded with Tribal CCDF dollars, as well as those funded through other sources.

CHILD CARE & DEVELOPMENT FUND - Plan Period: 10/1/2016 – 9/30/2019

Describe: The goal for child care center staff is to be trained in curriculum development and to attend courses providing training in Early Childhood Education. In addition, Child Care staff will be able to attend the same trainings, including health and safety, as Head Start staff. The goal for Voucher providers is to increase access to enrichment activities and materials and information on their use, as well as health and safety updates and access to participation in trainings. The Yurok Tribe CCDF program will continue to develop summer time services for working parents. The program would be a five day a week full day service, with a required co-pay for all parents to ensure that the program can sustain itself. In order to obtain this goal additional space is required.

5.1.2 How did the Tribal Lead Agency identify the goals described in 5.1.1? For example, did the Tribal Lead Agency conduct provider surveys or assessments that identified the need for quality improvements?

Describe: The CCDF program used the information gathered from needs assessment conducted by the Head Start Program.

5.1.3 List the activities the Tribal Lead Agency intends to implement during this Plan period in an effort to meet the overall child care quality improvement goals described in 5.1.1, as well as any other planned quality improvement activities.

a) Quality Training and Professional Development Activities

6 Program Integrity and Accountability

The Tribal Lead Agency, as the single point of contact for the administration of the Tribal CCDF program, is responsible for ensuring that policies and procedures are in place to monitor programs and services, ensure compliance with rules of the program, and provide oversight in the expenditure of all funds, including identifying improper payments and fraud prevention and recovery. (98.11(b), 98.60(l), 98.66, 98.67)

Guidance: An improper payment is any payment that should not have been made or that was made in an incorrect amount under statutory, contractual, administrative, or other legally applicable requirements. Incorrect amounts are overpayments or underpayments that are made to eligible recipients (including inappropriate denials of payment or service, any payment that does not account for credit for applicable discounts, payments that are for an incorrect amount, and duplicate payments). An improper payment also includes any payment that was made to an ineligible recipient or for an ineligible good or service, or payments for goods or services not received (except for such payments authorized by law). In addition, when an agency’s review is unable to discern whether a payment was proper as a result of insufficient or lack of documentation, this payment must also be considered an improper payment. Improper payments may result from administrative error, unintentional client/provider program violations, or fraud.

7 Tribal CCDF Funding

7.1 Child Count

For the purposes of determining a Tribe/Tribal Organization’s annual CCDF funding level, the Tribal Lead Agency must conduct and submit a child count that indicates the number of Indian children under age 13 (as defined in 2.1.1a) who reside on or near the reservation or service area (as defined in 2.1.1b). The Tribal Lead Agency may not count any children who are included in the child count of another CCDF Tribal Lead Agency. The Tribal Lead Agency is required to confer with all other CCDF Tribal Lead Agencies that have overlapping or neighboring service areas.

7.1.1 Is the CCDF service area (as defined in 2.1.1b) adjacent to, or overlapping with, the CCDF service area(s) of any other Tribal Lead Agencies?

☐ No.
☒ Yes. Identify those other Tribal Lead Agencies and describe the Tribal Lead Agency’s process for ensuring unduplicated child counts: The Yurok Tribe’s CCDF Service Area is Del Norte, and Humboldt Counties in California excluding Bear River Tribal Members, Blue Lake Tribal Members, Table Bluff Tribal Members, Resighini Tribal Members and Karuk Member living in Orleans, California, Hoopa Tribal Members plus the Smith River Rancheria, Elk Valley Rancheria Members, and Big Lagoon Rancheria Members.

7.1.2 Does the Tribal Lead Agency have in effect policies and procedures for conducting the CCDF child count?

☐ Yes, the Tribal Lead Agency has comprehensive, written child count policies and procedures.
☒ Yes, the Tribal Lead Agency has child count policies and procedures in place but only some are in writing.
☐ Yes, the Tribal Lead Agency has child count policies and procedures in place but none are in writing.

7.1.3 Complete and attach the “Child Count Declaration” at Appendix #1.

Guidance: A tribal consortium must submit:
1. An individual Child Count Declaration for each participating Tribe signed by an individual authorized to act for the Tribe; and
2. A summary listing:
   o The name of each participating Tribe;
   o Each participating Tribe’s individual child count; and
   o The total child count for the entire consortium.
7.2 Estimated FY 2017 CCDF Funding Allocation

7.2.1 What is your expected level of funding for the first year of the FY 2017 – FY 2019 Plan period?

Guidance: This is a preliminary ESTIMATE for information and planning purposes; actual CCDF allocations may be larger or smaller once the final grant awards are issued. Current CCDF Tribal grantees should use their total FY 2016 allocation (mandatory and discretionary) as their estimate for FY 2017 (10/1/2016 thru 9/30/2017). Do not include any unobligated and/or unliquidated CCDF balances from previous years.

The Tribal Lead Agency estimates that the following amount will be available for child care services and related activities during the 1-year period from October 1, 2016 through September 30, 2017. (98.13(a))

$317,468.00 Estimated federal Child Care and Development Fund (CCDF) FY 2017 allocation

7.2.2 Based on the Tribe’s anticipated CCDF allocation, does the Tribal Lead Agency expect to be considered an Exempt or Non-Exempt Tribal CCDF program in FY 2017? (Check only one)

Guidance: Currently, Tribal Lead Agencies are classified as either Non-Exempt or Exempt based on their annual CCDF allocations.

- **Non-Exempt Tribes** (CCDF allocations equal to or greater than $500,000) are required to operate a certificate program. Certificates must permit parents to choose from a variety of child care categories including center-based care, group home care, family child care and in-home care. (98.30(e))
- **Exempt Tribes** (CCDF allocations less than $500,000) are not required to operate a certificate program unless the Tribe chooses to include such services and the associated requirements in its program. (98.81(b)(5))

☐ Non-Exempt (CCDF allocations equal to or greater than $500,000 for a fiscal year)
☒ Exempt (CCDF allocations less than $500,000 for a fiscal year)

8 Optional Abbreviated Plan for Tribes Receiving Allocations under $250,000

Tips for Completing the Abbreviated Tribal CCDF Plan Preprint

Preprint Design

The comprehensive FY 2017-2019 Tribal CCDF Plan Preprint, designed for Tribes with annual allocations of $250,000 or more, is organized into seven parts covering broad topic areas. Section 8 of the Preprint is a condensed version of the Preprint designed to reduce the paperwork burden for Tribes and Tribal consortia that receive total annual CCDF allocations of less than $250,000. Those Tribes may choose to complete and submit this optional, abbreviated version instead of the comprehensive Plan Preprint (Sections 1-7).

When a question requires a “yes” or “no” response, the order of the yes/no options changes depending on the question so that the simplest response is first and the more complex response follows. For example, if a “yes” response would require an explanation and a “no” response would not, the “no” option will appear first. Similarly, if a “no” response has additional sub-questions that need to be answered but a “yes” response does not, the “yes” option would appear first. This structure is used to simplify the Plan development process by allowing the person completing the Plan Preprint to skip over response choices that are not relevant; it is NOT designed to imply that the first answer is the correct answer or the default answer. All questions should be answered in the way that best reflects what is actually happening in the Tribal CCDF program.

Guidance boxes are provided after questions that require additional clarification. These boxes may include definitions of unfamiliar terms or phrases, suggestions for details to include in a narrative response, explanations of Office of Child Care (OCC) policy on the topic, and/or references to related questions. It is important to read the relevant Guidance box before answering each question.

Where appropriate, instructions are included that allow Tribes/Tribal Organizations to skip over certain optional questions that do not apply.

Technical Assistance

Tribes and Tribal Organizations should contact the appropriate OCC Regional Office for guidance and technical assistance support in completing the Tribal CCDF Plan Preprint. Contact information for the OCC Regional Program Managers can be found online at https://www.acf.hhs.gov/programs/occ/resource/regional-child-care-program-managers.

Tribes and Tribal Organizations having additional needs for technical assistance can report their projected needs in the annual ACF-700 report (Question #4).

8.8 **Indian Child and Indian Reservation/Service Area**

Programs and activities are to be carried out for the benefit of Indian children living on or near the Indian reservation or, for those Tribes that do not have reservations, the Tribe’s existing service area. If a Tribal Lead Agency establishes a different service area for CCDF purposes, it must be within a reasonably close geographic proximity to the borders of the Tribe’s reservation or existing service area. (658O(c)(2)(B), 98.80(e), 98.81(b)(2)(ii),
8.8.1 The Tribal Lead Agency defines an "Indian child" as:

Guidance: While Tribes have some flexibility in defining “Indian Child,” the definition must be limited to children from federally-recognized Indian Tribes, consistent with the Child Care and Development Block Grant Act’s definition of Indian Tribe. This could include children who are tribal members, whose membership is pending, who are eligible for membership, and/or who are children/descendants of members. This could also include adopted children, foster children, and step-children, etc.

8.8.2 Define the Tribal Lead Agency’s CCDF Service Area:

Guidance: There is an expectation that the Tribal Lead Agency will be able to provide services to families throughout the service area. ACF will not approve an entire state as a Tribe’s service area. Tribes can limit services within the reservation boundaries or can go beyond the reservation boundaries. For example: “permanent residence is within the reservation boundaries, however the participant is temporarily attending school outside of the reservation area,” or “resides within 20 miles of the reservation boundaries,” etc.

8.9 Child Count

For the purposes of determining a Tribe/Tribal Organization’s annual CCDF funding level, the Tribal Lead Agency must conduct and submit a child count that indicates the number of Indian children under age 13 (as defined in 8.7.1) who reside on or near the reservation or service area (as defined in 8.7.2). The Tribal Lead Agency may not count any children who are included in the child count of another CCDF Tribal Lead Agency. The Tribal Lead Agency is required to confer with all other CCDF Tribal Lead Agencies that have overlapping or neighboring service areas. (98.81(a)(4), 98.81 (b)(4))

8.9.1 Is the CCDF service area (as defined in 8.7.2) adjacent to, or overlapping with, the CCDF service area(s) of any other Tribal Lead Agencies?

- No.
- Yes. Identify those other Tribal Lead Agencies and describe the Tribal Lead Agency's process for ensuring unduplicated child counts: ____

8.9.2 Complete and attach the “Child Count Declaration” at Appendix #1.

Guidance: A tribal consortium must submit:

2. A summary listing:
   - The name of each participating Tribe;
   - Each participating Tribe’s individual child count; and
   - The total child count for the entire consortium.

The CCDF health and safety requirements at 98.41 require Lead Agencies to have health and safety requirements in the following areas:

8.10.3 What methods does the Tribal Lead Agency use to monitor and enforce CCDF health and safety requirements?

| Guidance: The Tribal Lead Agency is required to certify that procedures are in effect to ensure that child care providers caring for children receiving CCDF services comply with the applicable health and safety requirements. (658E(c)(2)(E), 658E(c)(2)(G), 98.40(a)(2), 98.41(d)) |

8.11.1 Does the Tribal Lead Agency require criminal background checks for child care staff members and child care providers?

- [ ] No.
- [ ] Yes.
8.12 Supporting Continuous Quality Improvements

Tribal CCDF funds can be used for activities designed to improve the quality of child care services, provide comprehensive consumer education, and increase parental options for, and access to, high-quality child care. Tribal Lead Agencies are asked to describe their goals and activities for child care quality improvement. All Tribes, regardless of allocation size, are encouraged to take an intentional approach to quality improvement – assessing the current quality of care available and the training and technical assistance needs of providers; investing their quality funds and efforts in accordance with the needs; and reviewing the success of their activities to improve quality and making adjustments as necessary. The Tribal Lead Agency should consider its child care quality improvement goals for all Tribal children in child care, not just those receiving assistance under CCDF. (658G, 658E(c)(3)(B), 98.16(h), 98.51, 98.83(f))

Guidance: In completing this section, the Tribal Lead Agency should describe activities funded with Tribal CCDF dollars, as well as those funded through other sources. Currently, Tribal Lead Agencies completing the abbreviated Preprint are strongly encouraged, but not required, to expend CCDF funds on quality activities. If no quality activities are planned, an answer of “N/A” is appropriate.

8.12.1 What are the Tribal Lead Agency’s child care quality improvement goals?

Describe: _____

8.12.2 How did the Tribal Lead Agency identify these goals? For example, did the Tribal Lead Agency conduct provider surveys or assessments that identified the need for quality improvements? _____

8.12.3 List the activities the Tribal Lead Agency intends to implement during this Plan period in an effort to meet the overall child care quality improvement goals described in 8.12.1, as well as any other planned quality improvement activities.

8.12.4 Does your Tribe have a system for assessing and improving quality, such as a quality rating and improvement system (QRIS)? (§589(b)(3))

Guidance: A QRIS is a systemic approach to assess, improve, and communicate the level of quality in early and school-age care and education programs. Similar to rating systems for restaurants and hotels, QRIS award quality ratings to early and school-age care and education programs that meet a set of defined program standards. By participating in their State’s QRIS, early and school-age care providers embark on a path of continuous quality improvement. Even providers that have met the standards of the lowest QRIS levels have achieved a level of quality that is beyond the minimum requirements to operate.

Section 2 - Child Care Services Offered

8.13 Direct Child Care Services

8.13.1 Does the Tribal Lead Agency provide direct child care services?

Guidance: Direct CCDF child care services means the care of CCDF-eligible children by CCDF-eligible child care providers. Direct child care services may be provided through a subsidy program (in which the grantee offers certificates that allow parents may choose from different categories of care), through a Tribal CCDF-Operated Center, or through grants or contracts for child care slots (i.e., agreements between the grantee and provider to provide child care services).

☐ No. If No, stop here.

☐ Yes. If Yes, complete the rest of the abbreviated Preprint below.

8.13.2 Does the Tribal Lead Agency operate a subsidy program offering certificates that allow parents to choose from a variety of categories of care? (658A(b)(1), 658E(c)(3)(A)&(B), 658P(5)&(6), 98.16(g)(1), 98.30, 98.50)

☐ No (skip to 8.13.3).

☐ Yes, parents can choose from the following categories of care (check all that apply and complete questions a-c below):

☐ Center-based child care ☐ Family child care home

☐ Group child care home ☐ In-home child care

a) Describe the child care certificate process: ______

Guidance: Describe, for example, how the parent is issued the certificate and how he/she uses the certificate to access care.

b) If the Tribal Lead Agency allows for in-home care (i.e., care provided in the child’s own home), does the Lead Agency limit the use of in-home care in any way?

☐ Not applicable.

☐ No.

☐ Yes. What limits does the Tribal Lead Agency set? Check all that apply.

- Other. Describe: ______

**8.13.3 Does the Tribe operate one or more child care centers using CCDF funds for operational costs?**

**Guidance:** Tribal Lead Agencies that use CCDF funds to directly support the operational costs of a child care center are said to have a “Tribal CCDF-Operated Center.” The Tribe or its designee (not necessarily the Tribal Lead Agency itself) oversees operations of the child care center: paying facility costs (e.g., rent and utilities), hiring and managing staff, purchasing equipment and supplies, and screening families for eligibility.

- No.  
- Yes. For each Tribal CCDF-Operated Center, provide the center’s name and physical address (including city & state): ______

**8.13.4 Does the Tribal Lead Agency provide child care services through grants or contracts for child care slots? (658A(b)(1))**

**Note:** Do not check “yes” if every provider is simply required to sign an agreement in order to be paid in the certificate program.

- No  
- Yes. Describe: ______

- No. Describe where direct child care services are available within the service area: ______

**8.14 Eligible Children and Families**

At the point in time when eligibility is determined, children must: (1) be under the age of 13; (2) meet the Tribal Lead Agency’s definition of “Indian Child”; (3) reside within the Tribal Lead Agency’s defined “service area”; (4) reside with a family whose income does not exceed 85 percent of the Grantee Median Income (GMI) for a family of the same size; and (5)(a) reside with a parent or parents who are working or attending a job training or educational program; or (b) receive, or need to receive, protective services and reside with a parent or parents not described in (5)(a) above. b) Does the Tribal Lead Agency allow CCDF-funded child care for children age 13 and above but below age 19 years who are physically and/or mentally incapable of self-care? (658E(c)(3)(B), 658P(3))
   □ Yes, and the upper age is _____ (maximum age is through age 18).
   Define “physical or mental incapacity”: ______
   □ No.

c) Does the Tribal Lead Agency allow CCDF-funded child care for children age 13 and above but below age 19 years who are under court supervision? (658P(3), 658E(c)(3)(B))
   □ Yes, and the upper age is _____ (maximum age is through age 18).
   □ No.

8.14.2 How does the Tribal Lead Agency define the following terms for CCDF eligibility purposes?

   a) “residing with”: ______
   b) “in loco parentis” (refers to an individual who assumes parental status and responsibilities for another child, such as a foster parent or other guardian): ______

8.14.3 Eligibility Criteria Based on Reason for Care

   a) In order to be eligible to receive CCDF services, children must reside with a parent(s) who are working, attending a job training program, or attending an educational program. Check all parent participation options below that the Tribal Lead Agency allows; for each option checked, provide a brief definition of the term as used for CCDF eligibility purposes.

   Guidance: Tribal Lead Agencies have broad flexibility in defining “working,” “attending a job training program,” and “attending an educational program.” The definitions provided below should include any allowable activities, including travel time and study time. For example, a definition of “working” could include working for a salary or wages, self-employment, subsistence activities, job search, and/or volunteering, as well as the travel time to and from the activity. Definitions should also address any limitations, such as minimum hours required or maximum hours allowed.

   □ Eligibility based on working
     Define “working”: ______
   □ Eligibility based on attending a job training program
     Define “attending job training program”: ______

Plan for: Error! Reference source not found. Yurok Tribe

CHILD CARE & DEVELOPMENT FUND - Plan Period: 10/1/2016 – 9/30/2019

b) Does the Tribal Lead Agency provide child care to children who receive, or need to receive, protective services?

Guidance: Tribal Lead Agencies have the flexibility to define protective services beyond formal child welfare or foster care cases, including but not limited to, homeless children. These are families who are facing particular risks, in which child care can be a protective factor for the child. If the Tribal Lead Agency provides CCDF-funded child care to children in foster care whose foster care parents are not working, or who are not in education/training activities, for CCDF purposes, these children are considered to be in protective services and must be included in this definition.

☐ No (skip to 8.14.4).

☐ Yes. Complete 1-4 below.

1) Define “protective services” for the purposes of eligibility: ______

2) Does the Tribal Lead Agency waive the co-payment and income eligibility requirements on a case-by-case basis for cases in which children receive, or need to receive, protective services? (658E(c)(5))

☐ Yes.

☐ No.

3) Does the Tribal Lead Agency provide CCDF-funded child care to children in foster care whose foster care parent(s) are not working, or who is not in education/training activities? (98.20(a)(3)(ii), 98.16(f)(7))

☐ Yes, and foster care is included under the Tribal Lead Agency’s definition of protective services in 8.12.3(b)(3) above. (This means that, for CCDF purposes, the Tribal Lead Agency considers these children to be served under the protective services eligibility category.)

☐ No.

4) Does the Tribal Lead Agency provide respite child care for children in protective services? (98.16(f)(7))

Guidance: CCDF allows for “respite care” only for brief, occasional periods in excess of the normal “less than 24 hr. period” allowed for CCDF child care. Respite care is available for parents in protective services cases (including foster parents, if the Tribal Lead Agency checks “yes” under 8.12.3(b)(3) above) who need relief from caretaking responsibilities. For example, CCDF could pay a provider to care for a protective services child for one weekend a month. This definition of “respite child care” may differ from how Tribes define it for other purposes (e.g., child welfare). Since respite care is provided to give parents time off from parenting, rather than care to allow the parent to participate in work or in education or training, CCDF cannot be used for respite care for children with disabilities unless the child also needs or is receiving protective services.
8.14.4 Eligibility Criteria Based on Family Income

a) How does the Tribal Lead Agency define “income” for the purposes of eligibility?

Guidance: Tribal Lead Agencies have flexibility in defining “income.” This flexibility allows for the exclusion or deduction of certain types of income, as defined by the Tribe, from calculations of total family incomes for purposes of eligibility determination.

Define “income”:

b) Tribal Lead Agencies must establish CCDF family income eligibility limits. Those limits cannot exceed 85% of the Grantee Median Income (GMI). A Tribal Lead Agency has the flexibility to use either State Median Income or Tribal Median Income as its GMI. Check the appropriate box below to indicate which option the Tribal Lead Agency has selected:

☐ State Median Income (SMI) for a family of the same size.
    Source: _____ Year: _____

☐ Tribal Median Income (TMI) for a family of the same size residing in the area served by the Tribal Lead Agency.
    Source: _____ Year: _____

c) Complete the CCDF income eligibility table.

i. Columns (a) and (b): Column (a) lists the current GMI for each family size. Column (b) lists 85% of the current GMI for each family size (by law, this is the maximum allowable income for CCDF eligibility). All Tribal Lead Agencies must complete columns (a) and (b).

ii. Columns (c) and (d): Tribal Lead Agencies have the option of setting income eligibility limits below 85% of the current GMI. Has the Tribal Lead Agency chosen to set income eligibility limits below 85% of the current GMI?

☐ No (do not complete columns (c)-(d); skip to 8.14.5).

☐ Yes. Complete columns (c) and (d) to show the Tribal Lead Agency’s maximum income eligibility level for each family size at the time a family applies for CCDF services.

8.14.5 Does the Tribal Lead Agency establish additional eligibility criteria? (658E(a), 98.16(g)(5), 98.20(b))

**Guidance:** The Tribal Lead Agency has flexibility in establishing additional eligibility criteria. Additional criteria could include, for example, application to the State CCDF program first; higher income limits in one part of the tribal service area; or an asset/resource limit.

☐ No.

☐ Yes. Describe: _____

If additional eligibility criteria include different income eligibility limits, please attach additional income eligibility tables and indicate attachment number(s): _____

8.15 Processes with Parents

8.15.1 Tribal Lead Agencies are required to inform parents who receive Temporary Assistance for Needy Families (TANF) benefits about the exception to the individual penalties associated with the work requirement for any single custodial parent who has a demonstrated inability to obtain needed child care for a child under 6 years of age (98.16(p) and 98.33(b)).

**Guidance:** The TANF agency, not the Tribal CCDF Lead Agency, is responsible for establishing the following criteria or definitions. These criteria or definitions are offered in this Plan as a matter of public record. This question is for informational purposes.

a) Identify the TANF agency that established these criteria or definitions:
Plan for:  Yurok Tribe

State TANF Agency: _____
Tribal TANF Agency: _____

b) In the spaces below, provide the criteria or definitions used by the TANF agency to determine whether the parent has a demonstrated inability to obtain needed child care:

i. “appropriate child care”:

ii. “reasonable distance”:

iii. “unsuitability of informal child care”:

iv. “affordable child care arrangements”:

c) How are parents who receive TANF benefits informed about the exception to individual penalties associated with the TANF work requirements? Briefly describe the process:

8.15.2 Describe how the Tribal Lead Agency ensures that parents have unlimited access to their children whenever their children are in the care of a provider.

8.16 Improving Access for Vulnerable Children and Families

At a minimum, CCDF requires Tribal Lead Agencies to give priority for child care assistance to “children with special needs.” Tribal Lead Agencies may also establish additional priority categories. (658E(c)(3)(B))

8.16.1 Describe how the Tribal Lead Agency will prioritize or target child care services for children with special needs. (658E(c)(3)(B))

Guidance: Tribal Lead Agencies have flexibility in how they define “children with special needs.” Tribal Lead Agencies are not limited in defining “children with special needs” to only those children with physical or mental disabilities. For example, Tribal Lead Agencies could consider children in the child welfare system, children of teen parents, or homeless children in their definition of “children with special needs.”

a) Define “children with special needs”:

b) Describe how the Tribal Lead Agency will give priority for child care services to children with special needs (658E(c)(3)(B), 98.44(b): _____

Amended Effective Date: [Insert Date as Amended]
8.16.2 Does the Tribal Lead Agency have additional priority rules or categories? (658E(c)(3)(B), 98.16(g)(5), 98.20(b))

☐ No.
☐ Yes. Define the additional priority rules/categories and describe how priority is given:

Definition(s): _____
Describe how priority is given: _____

8.17 Market Rate Survey Requirements

Tribal Lead Agencies are required to establish payment rates for child care services that ensure eligible families equal access to child care services comparable to those services provided to families not eligible to receive CCDF services. At a minimum, Tribal Lead Agencies are required to show how payment rates are adequate based on a local Market Rate Survey (MRS) conducted no earlier than two years (07/1/2014) prior to the date of the Plan submission.

Because Market Rate Surveys might not be feasible for some Tribal Lead Agencies, Tribal Lead Agencies have three options for fulfilling the local Market Rate Survey requirements:

1) Conducting a local Market Rate Survey,
2) Using the State’s local Market Rate Survey, or
3) Providing alternative documentation in lieu of a local Market Rate Survey (if applicable criteria are met).

8.17.1 Which option does the Tribal Lead Agency use in fulfilling the local Market Rate Survey requirements? Please select only ONE option. (98.16(l), 98.43)

☐ Option 1 – The Tribal Lead Agency conducts its own Market Rate Survey.
   a) Date the Market Rate Survey was conducted: ____/____/____
   b) How did the Tribal Lead Agency use the results of this Market Rate Survey to assist in establishing payment rates for child care services?
      Describe: _____

☐ Option 2 – The Tribal Lead Agency uses the State’s Market Rate Survey.
   a) Name of State(s): _____
   b) Date the State’s Market Rate Survey was conducted: ____/____/____
   c) How did the Tribal Lead Agency use the results of this Market Rate Survey to assist in establishing payment rates for child care services?
      Describe: _____
Option 3 – The Tribal Lead Agency provides alternative documentation in lieu of a local Market Rate Survey. The Tribal Lead Agency must identify and meet one of the two criteria listed below. Please select only one criterion.

Criteria 1 – Check if the Tribal Lead Agency:

- Provides CCDF direct services solely in a Tribal CCDF-Operated Center(s) and does not provide services through certificates, grants, or contracts; and/or
- Funds CCDF direct services solely in unregulated home-based settings such as in-home care (i.e., care in the child’s own home) or unregulated family child care homes, and does not fund any CCDF services in centers, regulated family child care homes or regulated group homes.

Criteria 2 – Check if the Tribal Lead Agency:

- Documents that all child care providers in the service area that would potentially be included in a market rate survey: (a) serve only children receiving CCDF subsidies and (b) serve no private-pay children.

8.18 Setting Payment Rates for Child Care Services

Tribal Lead Agencies are required to establish payment rates for child care services that ensure eligible families equal access to child care services comparable to those services provided to families not eligible to receive CCDF services. (658E(c)(4), 98.16(l), 98.43(a), 98.43(b), 98.43(b)(1) and 98.43(b)(2)).

Note: For Tribal Lead Agencies that only offer direct services through one or more Tribal CCDF-Operated Centers and/or grants/contracts for slots, skip to 8.18.2.

a) The Tribal Lead Agency’s payment rates are attached as Attachment #: _____ and the effective date of those payment rates is: _____.

Guidance: The attached payment rates should reflect the variety of care offered in your program (for example, different rates based on the child’s age, the category of care, hours of care offered). Tribal Lead Agencies are reminded that payment rates cannot be based on a family’s eligibility or circumstances. This means, for example, that the Tribal Lead Agency may not establish payment rates for TANF families that differ from the payment rates for child care for the working poor, or for families in education or training.

b) Will the attached payment rates be used in all parts of the Tribal service area?

- Yes.
- No. Additional payment rates are attached as Attachment #: _____ and the effective date of those payment rates is: _____. Describe or list the geographic areas where each set of rates is used: _____

8.19 Family Contribution to Payment

8.19.1 The statute requires Tribal Lead Agencies to establish a sliding fee scale that varies based on family income and the size of the family to be used in determining each family’s contribution (i.e., co-payment) to the cost of child care. In addition to income and size of the family, the Tribal Lead Agency may use other factors when determining family contributions/co-payments. A grantee may waive contributions from families whose incomes are at or below the poverty level for a family of the same size, or may apply different sliding fee scales.

a) Attach a copy of the sliding fee scale (Enter Attachment #: _____)

b) Will the attached sliding fee scale be used in all parts of the service area?

☐ Yes. Effective date: ______

☐ No. Attach other sliding fee scale(s) and indicate their effective date(s).

c) Does the Tribal Lead Agency use other factors in addition to income and family size to determine each family’s co-payment? Examples of additional factors could include: multiple children in care; quality of care; or number of hours in care. (658E(c)(3)(B))

☐ No.

☐ Yes. Describe: ______

8.19.2 How will the Tribal Lead Agency ensure the family’s co-payment, based on a sliding fee scale, is affordable? Examples could include limiting maximum co-payment to a specific percentage of family income or reducing co-payments for additional children in care.

___

Note: A Tribe cannot use Federal CCDF dollars to pay the parental contribution (co-payment) on behalf of an Indian family who is receiving a CCDF subsidy from a State or Tribe.

8.19.3 The Tribal Lead Agency may waive co-payments from families whose incomes are at or below the poverty level for a family of the same size (98.42(c)).

a) The poverty level used by the Tribal Lead Agency for a family of 3 is $_____. The source of the poverty level used by the Tribal Lead Agency is (include date of publication): _____.

b) Check the option which the Tribal Lead Agency has chosen to use:

☐ ALL families, including those with incomes at or below the poverty level for a family of the same size, ARE required to pay a co-payment.

☐ SOME families with incomes at or below the poverty level ARE NOT required to pay a co-payment. The Tribal Lead Agency waives the co-payment for families in the following circumstances: _____

☐ NO families with incomes at or below the poverty level for a family of the same size are required to pay a co-payment.

CCDF PROGRAM ASSURANCES AND CERTIFICATIONS

The Tribal Lead Agency is designated by the Tribe (or Tribal consortium) to represent the Tribe (or Tribal organization).

The Tribal Lead Agency agrees to follow the Federal laws and regulations that apply to the CCDF program and to follow this Plan, when approved, including the following assurances and certifications.

The Tribal Lead Agency assures that:

1. Upon approval, it will have in effect a program that complies with the provisions of the Plan printed herein, and is administered in accordance with the Child Care and Development Block Grant Act of 1990 as amended, Section 418 of the Social Security Act, and all other applicable Federal laws and regulations. (658E(b), 658E(a), 98.15(a)(1))

2. The parent(s) of each eligible child within the Tribe or Tribal service area who receives or is offered child care services for which financial assistance is provided is given the option either to enroll such child with a child care provider that has a grant or contract for the provision of the service or to receive a child care certificate. (658E(c)(2)(A)(i), 98.2, 98.30, 98.15(a)(2)) [Exempt Tribal Lead Agencies are not required to operate certificate programs.]

3. In cases in which the parent(s) elect(s) to enroll the child with a provider that has a grant or contract with the Tribal Lead Agency, the child will be enrolled with the eligible provider selected by the parent to the maximum extent practicable. (658E(c)(2)(A)(ii), 98.15(a)(3), 98.30)

4. The child care certificate offered to parents shall be of a value commensurate with the subsidy value of child care services provided under a grant or contract. (658E(c)(2)(A)(iii), 98.15(a)(4), 98.30) [Exempt Tribal Lead Agencies are not required to operate certificate programs.]

5. The Tribe, or Tribal consortium, will coordinate, to the maximum extent feasible, with the Tribal Lead Agency(ies) in the State(s) in which the child care programs or activities will be carried out. (98.12, 98.14(a) (b), 98.81(b)(3)(i), 98.82)

6. Tribal Child Care and Development Fund (CCDF) programs and activities will be carried out for the benefit of Indian children on an Indian reservation (except for Programs located in Alaska, California, or Oklahoma). (98.81(b)(3)(ii), 98.83(b))

7. With respect to State and local regulatory requirements (or Tribal regulatory requirements), health and safety requirements, payment rates, and registration requirements, State or local (or Tribal) rules, procedures or other requirements promulgated for the purpose of the CCDF will not significantly restrict parental choice from among categories of care or types of providers. (658E(c)(2)(A), 98.15(a)(5), 98.15(p), 98.30(e)&(f), 98.40(b)(2), 98.41(b), 98.43(d), 98.45(d))
The Tribal Lead Agency certifies that:

(1) It has procedures in place to ensure that providers of child care services for which assistance is provided under the Child Care and Development Fund (CCDF) afford parents unlimited access to their children and to the providers caring for their children during the normal hours of operations and whenever such children are in the care of such providers. (658E(c)(2)(B), 98.15(b)(1), 98.31)

(2) It maintains a record of substantiated parental complaints and makes information regarding such complaints available to the public on request. (658E(c)(2)(C), 98.15(b)(2), 98.32)

(3) It will collect and disseminate to parents of eligible children and the general public, consumer education information that will promote informed child care choices. (658E(c)(2)(D), 98.15(b)(3), 98.33)

(4) There are licensing requirements in effect that are applicable to child care services provided within the area served by the Tribal Lead Agency pursuant to 98.40. (98.15(b)(4), 98.40)

(5) There are—under Tribal, local, or State law—requirements in effect designed to protect the health and safety of children; these requirements are applicable to child care providers that provide services for which assistance is made available under the CCDF. (658E(c)(2)(F), 98.15(b)(5), 98.41)

(6) Procedures are in effect to ensure that child care providers that provide services for which assistance is provided under the CCDF comply with all applicable health and safety requirements. (658E(c)(2)(G), 98.15(b)(6), 98.41)

(7) Payment rates under the CCDF for the provision of child care services will be sufficient to ensure equal access for eligible children to comparable child care services in the Tribe or Tribal service area that are provided to children whose parents are not eligible to receive assistance under this program or under any other Federal or State child care assistance programs. (658E(c)(4)(A), 98.15(b)(7), 98.43)

(8) By the end of each three-year funding period (expenditure period for each Federal fiscal year’s grant funding), the Tribe must have expenditures that are equal to grant funds received for that fiscal year. (98.67(c))

APPENDIX 4

AMENDMENTS LOG

Child Care and Development Fund Plan
For the period: 10/1/2016 – 9/30/2019

Tribal Lead Agencies are required to request approval from Administration for Children and Families (ACF) whenever a “substantial” change in the Tribal Lead Agency’s approved CCDF Plan occurs. Please refer to the ACF Program Instruction regarding CCDF Plan amendments (CCDF-ACF-PI-2009-01) for specific details and timelines specific to the Plan amendment process.

Plan amendments must be submitted to ACF within 60 days of the effective date of the change. Under the regulation, the Plan amendment must be approved no later than the 90th day following the date on which the amendment is received by ACF unless the Lead Agency and ACF mutually agree in writing to extend the period. (§98.18 (b)).

ACF encourages Tribal Lead Agencies to contact the Child Care program staff in the appropriate ACF Regional Office to discuss any proposed amendment as early as possible.

Instructions:

1. Tribal Lead Agency completes the first 3 columns and sends a photocopy of this log (showing the latest amendment sent to ACF) and the amended section(s) to the ACF Regional contact. A copy of the log, showing the latest amendment pending in ACF, is retained in the Tribal Lead Agency’s Plan.

2. ACF completes column 4 and returns a photocopy of the log to the Tribal Lead Agency.

3. The Tribal Lead Agency replaces this page in the Plan with the copy of the log received from ACF showing the approval date.

Reminder: This process depends on repeated subsequent use of the same log page over the life of the Plan. At any time the log should reflect all amendments, both approved and pending in ACF. The Tribal Lead Agency is advised to retain those “old” Plan pages that are superseded by amendments in a separate appendix to its Plan.
