228 **Vice Chairman Myers:** I just want to make a statement for the minutes. Once again, from what I
229 can see in the packet, we are enrolling individuals who have less Yurok (blood) than people that
230 we are denying. It's always frustrating every time we come up here. Because there are
231 individuals who only have Yurok blood, they are getting denied, but yet we are approving other
232 people who have other tribal blood and putting them on the Yurok Tribe Roll. It never feels
233 good and I just feel like every single time I see this, I need to say something about it. Thank you.
