

*Phase I Environmental Site Assessment ADDENDUM
For: Cats RV APN: 140-110-06
Located On: 145 Alder Camp Road, Klamath CA. 95548*

This Addendum is inserted on March 18, 2014 to correct omissions in the original report due to errors during creation of PDF of FINAL REPORT.

*Page 19 should read:

8.0 OPINION

8.1 Recognized Environmental Concerns and Historic Recognized Environmental Concerns:

Based on information obtained from this investigation, it is my opinion that no environmental impacts to the soil and groundwater exists and it is unlikely that any contamination on the Subject Property would rise to the level of regulatory enforcement and for this reason these conditions would not rise to the level of Recognized Environmental Concerns (RECs).

8.2 Opinion Regarding Additional Appropriate Investigation:

The likely absence of contamination at the Subject Property, based on the REC's and Historic Recs outlined in section 8.1, it is the opinion of this environmental professional that no addition appropriate investigations be conducted.

Qualifications of the environmental professionals that prepared this report are included in Appendix H.

9.0 CONCLUSIONS

We have performed a Phase 1 Environmental Site Assessment in conformance with the scope and limitations of ASTM E 1527-05 at the Subject Property, located on Cats RV, APN:140-110-06, in Klamath, California. Any exceptions to, or deletions from, this practice are described in Section 2 of this report. This assessment has not revealed any recognized environmental conditions or any historical recognized environmental conditions in connection with the property.
